Name:	Tania Alessi	**Project Group (Name/Number): Group 1**				

This activity log is for you to document your individual contributions and ideas you have done towards your final group project. This will be submitted to your instructors along with your project code. You can document how many minutes you spent working on your code, when you had team meetings outside of the class sessions, or use this as a way to take notes for your own viewing. This is to be completed **individually.**

Week:	Date:	Activity/Task:	Time spent on Activity	Team Members Involved (if applicable)	Completed?	Notes:
1	*16/8/2022*	*Spoke with the group outside of the session to discuss our ideas. Ideas to use for the project are gym membership database*	*30 minutes*	*Person 1, Person 2*	*Yes*	*Still to do: task X, task Y*
1	13/11/2023	Initial team meeting. Discussed ideas and decided to explore creating an app to educate about menopause symptoms.	1 hour	All	Y	Decided to each do some individual research and meet again the following day
1	14/11/2023	Conducted a SWOT analysis, now we know what we would like to create. Assign roles based on the analysis and agree what tools we will use as a group	1 hour	All	Y	Create a separate Slack workspace and shared Google Drive
1	14/11/2023	Did some user testing for colours and logo - worked on Logo options	2 hours	Tania	Y	
1	15/11/2023	Started working on the app - encountered problems with Routing	4 hours	Tania	N	
1	16/11/2023	Discussed Homework 2 (project plan) and agree who will do which elements	30 mins	All	Y	
1	25/11/2023	Demo for Rehab to check that we were going in the right direction	30 mins	All	Y	
2	17/11/2023 - 27/11/2023	Developed logic of the app, found a workaround using useState in order to switch from a page to another, started implementing app design	6 hours	Tania	N	
3	27/11/2023	Group meeting to catch up as Caity on leave the week prior and agree next steps	1 hour	All	Y	
3	29/11/2023	Finalising plans for what project to pursue by looking at wireframes and agreeing on what we liked best. All to edit the react app with individual details	1 hour	All	Y	Selina to write up design section of HW2. Ruth to create HW react app and then all edit
4	4/12/2023	Now HW2 complete, plan how to continue development of the app. Code review of current progress with all offering suggestions.	30 mins	All	Y	Tania to work on development and feed back to group over slack and demo on Friday
4	5/12/2023 - 8/12/2023	Worked on App logic, added an additional page, added .map functionality to provide correct answers. Still looked at how to use routing.	6 hours	Tania	Y	
4	8/12/2023	Demo of current state of app from me. All clone to own repositories - some having issues so troubleshoot GitHub on the call so all have access. Plan what testing to do and agree deadlines for next week. Caity and Selina to conduct testing and Ruth work on creating a nav bar with bootstrap	1.5 hour	All	Y	1. Caity to carry out accessibility testing and create a draft of the report for Tues 12th. 2. Selina to work on unit testing 3. Ruth to work on creating a navigation bar
5	12/12/2023	All present updates on progress and discuss challenges they are facing. Agree the nav bar is not feasible but worth talking about in report. Not much luck with unit testing - others to try and support before consulting an instructor	30 mins	All	Y	
5	14/12/2023	All are happy with the app as it is. Everyone to read over the report and the ReadME file and suggest any changes by 12pm Friday 15th. Aim to submit around 2pm Friday.	30 mins	All	Y	All to complete the individual sections of the tracker and read over report and ReadME. Meeting with Rehab later for support with testing
5	14/12/2023	Meeting with Rehab to make the tests work	30 mins	All	Y	
5	15/12/2023	Meeting to discuss tests, upload last changes and review read me file	1.5 hours	all	Y	
5	15/12/2023	Team Meeting - Submission	1 hour	All	Y	
6	19/12/2023	Meeting to practice project presentation during usual class time	2 hours	All	N	
		Total time:	30.5
